Subject: Requested Board Agenda Item - Response Time

Mr. Stuart,

I request that the following item be placed on the next Board meeting agenda:

“Decide correct 2017, 90% fractal EMS response times for OTFD”

You have my recent email with data and 3/27/18 public comment that the data provided by OTFD to BOT of 9 min 5 sec is in error and contradicts OTFD's own internal study, which data (FOIA #1770) shows “Compliant Scene” not achieved until 12 minutes, 36 seconds.

I have attached the pertinent data to this email as well.

This request comes pursuant to the following Board by-law:

“5. Regular Meeting Agenda

The Township Manager shall prepare the agenda for all Township Board meetings.

Anyone wanting to place a matter on the Board Meeting agenda shall submit a written request, preferably by using the Oakland Township Request for Action form, to the Manager by 12:00 noon on the Wednesday preceding the next regular meeting date. The placement of any item on the agenda will be at the discretion of the Township Manager or if requested by the Supervisor or at least two members of the Board of Trustees.”
